

LazyGrow – the Time Saving Auto-Doser

Innovative all-in-one design.

LazyGrow combines both a nutrient doser and a pH doser.

3 custom nutrients ratios + 1 pH

Adaptable to any hydroponic system.

20 Growth Stages automated.

Refreshes your water.

FULLY AUTOMATED GROWTH STAGE HYDROPONICS

- DRAINS old water OUT
- FLOWS fresh water IN
- BALANCES your pH & NUTRIENTS

SET & FORGET

- Customisable Nutrient Ratios
- Specify pH level
- Set your EC value

LazyGrow will do the rest.

IMPROVED YIELDS

Optimise your nutrients with 20 plant growth stages.

- Seedling
- Growth
- Flowering
- Blooming, etc.

You can easily monitor your reservoir's levels for the past 90+ hours and days. LazyGrow gives you all your data in easy-to-understand graphs.
